DOCKETED COMPLAINT NO. 04-027

AGREED FINAL ORDER

On this the 20th day of October, 2006, the Texas Appraiser Licensing and Certification Board, (the Board), considered the matter of the license of John Ryan Bachemin, (Respondent). The Board makes the following findings of fact and conclusions of law and enters this Order:

FINDINGS OF FACT

1. Respondent John Ryan Bachemin, a state licensed real estate appraiser, holds license number TX-1329118-L, and has been licensed since December 15th, 1999.
2. Respondent is subject to the jurisdiction of the Board, the Texas Appraiser Licensing and Certification Act, TEX. OCC. CODE § 1103 et. seq. (the Act), the Rules of the Board, 22 TEX. ADMIN. CODE §§153, 155, 157 (the Rules), and the Uniform Standards of Professional Appraisal Practice (USPAP) in effect at the time of the appraisal.
3. On or about November 13th, 2002, Respondent appraised the subject property located at 2712 Pebble Creek Drive, Pearland, Brazoria County, Texas for the client, National Residential Mortgage.
4. On November 19th, 2003, TALCB received a complaint against Respondent from Joe Etheredge, the president of CASA Mortgage, in accordance with TEX. OCC. CODE § 1103.451. The complaint alleged that Respondent's appraisal report on the subject property was intentionally inflated, inappropriate comparable sales were used and that unverifiable data was relied upon by Respondent in his appraisal report.
5. On or about December 15th, 2003, the Board, in accordance with the mandate of the Administrative Procedure Act (the APA), TEX. GOV'T CODE ANN. § 2001 et. seq., notified Respondent of the nature and accusations involved and Respondent was afforded an opportunity to respond to the accusations alleged by the Complainant. Respondent's response was received.
6. The Enforcement Division concluded that the Respondent's appraisal report violated the Act, the Rules of the Board, and USPAP by the following acts or omissions:
 - a) USPAP Ethics Rule – Respondent failed to adhere to record keeping requirements due to an incomplete and inadequate work file that lacked

supporting data for comparable sales, contained no MLS datasheets and did not contain supporting cost data;

- b) USPAP Standards 1-2(e)(i) & 2-2(b)(iii) – Respondent failed to adequately identify and report the site and improvement(s) description. His report claims there are no curb/gutter, sidewalk or street lights, yet the photographs in the report show these features. The report is self-contradictory, stating at one point the lot size is 6,000 square feet and at another point, reporting that this feature is not known. Moreover the floor plan sketch and list indicates a covered patio, but none exists in the photos;
- c) USPAP Standards 1-3(b) & 2-2(b)(x) – Respondent failed to provide a summary of his rationale and support for his determination of the property's highest and best use;
- d) USPAP Standards 1-4 (b)(i) & 2-2(b)(ix) -- Respondent did not use an appropriate method or technique to develop an opinion of site value because he fails to state how his \$25,000.00 site value was derived and has no sales data in his work file to support his conclusions;
- e) USPAP Standards 1-4(b)(ii) & 2-2(b)(ix) – Respondent did not properly collect, verify, analyze and reconcile the cost new of improvements. His reference to Marshall & Swift data is inaccurate as it does not support his cost figures. The cost approach appears to be inflated, did not provide cost estimates for porches and patios and included an additional 143 square foot calculation that was not described or explained;
- f) USPAP Standards 1-1 (a) & 1-4 (b) – For the reasons noted above, Respondent failed to correctly employ recognized methods and techniques in his cost approach which made the cost approach inflated and not credible;
- g) USPAP Standards 1-4 (a) & 2-2(b)(ix) – Respondent has failed to adequately collect, verify, analyze and reconcile comparable sales data. Although his report indicates HUD-1 statements were relied upon, there were no copies of this documentation in Respondent's work file. Additionally, this data was provided by parties with a financial interest in the sale and no verification from a disinterested source was provided. MLS data and research of comparable sales pointed to a much lower market value and this data should have been used, but was not;
- h) USPAP Standards 1-1 (a) & 1-4 (a) – As noted above, Respondent failed to correctly employ recognized methods and techniques. The photograph for comparable sale #3 is not a photograph of the correct property;
- i) USPAP Standards 1-5 (a) & 2-2(b)(ix) – Respondent failed to analyze the current agreement of sale for the property being appraised;

- j) USPAP Standard 1-1 (a) – Respondent's use of unconfirmed sales with no supporting documentation resulted in an appraisal report that was not credible;
 - k) USPAP Standard 2-1(a) – The appraisal report was misleading to readers because of problems with Respondent's description of the property, his cost approach and his sales comparison approach.
7. The Enforcement Division concluded that the Respondent violated 22 TEX. ADMIN. CODE §§ 153.20(a)(3) and 155.1(a) by failing to conform to USPAP in effect at the time of the appraisal report.
 8. The Enforcement Division concluded that the Respondent violated TEX. OCC. CODE § 1103.404 by failing to retain all business records relating to his appraisal of the property until at least the fifth anniversary of the date of the appraisal.
 9. The Enforcement Division concluded that the Respondent violated 22 TEX. ADMIN. CODE §§ 153.20(a)(9) by making material misrepresentations and omissions of material facts in the 2712 Pebble Creek Drive appraisal report. These material misrepresentations and omissions of material fact include: using inappropriate comparable sales when more appropriate comparable sales that should have been used were readily available in the same area, using inappropriate cost figures in the cost approach and misrepresenting the description of the property site and improvements.

CONCLUSIONS OF LAW

1. The Texas Appraiser Licensing and Certification Board has jurisdiction over this matter pursuant to the Texas Appraiser Licensing and Certification Act, TEX. OCC. CODE §§ 1103.451–1103.5535 (Vernon 2005).

CODE §§ 153.20(a)(3) and 155.1(a): USPAP Ethics Rule; USPAP Standards Rules: 1-2(e)(i) & 2-2(b)(iii); 1-3(b) & 2-2(b)(x); 1-4 (b)(i) & 2-2(b)(ix); 1-4(b)(ii) & 2-2(b)(ix); 1-1 (a) & 1-4 (b); 1-4 (a) & 2-2(b)(ix); 1-1 (a) & 1-4 (a); 1-5 (a) & 2-2(b)(ix); 1-1 (a); and, 2-1(a).
3. Respondent violated 22 TEX. ADMIN. CODE §§ 153.20(a)(9) by making material misrepresentations and omissions of material facts in his appraisal report.

None of the classes or seminars required by this Order may be taken through correspondence courses. All classes must be in-class, have an exam, and Respondent must have a passing grade on the exam given in each class. None of these required classes will count toward Respondent's continuing education requirements for licensure.

ANY SUCH SUSPENSION SHALL BE EFFECTIVE WITHOUT THE NEED FOR A HEARING OR OTHER ADMINISTRATIVE DUE PROCESS UNDER THE TEXAS APPRAISER LICENSING AND CERTIFICATION ACT OR THE ADMINISTRATIVE PROCEDURE ACT, AND RESPONDENT SPECIFICALLY WAIVES ANY SUCH HEARING OR DUE PROCESS. Respondent shall be notified of any such suspension or lifting of probation by certified mail, return receipt requested, to the last known address as provided to the Board. If Respondent's license is suspended on such a basis, the suspension shall remain in effect until such time as Respondent pays the Administrative Penalty or takes and passes the required educational courses and provides adequate documentation of same to the Board.
